EXPERIENCE

—THE DAVID WILSON DIFFERENCE—

At David Wilson Homes we have been building quality homes across the UK for over 40 years. Our reputation is founded on our commitment to provide traditional homes in desirable locations built to a superb specification. We are delighted to have received over 90% homeowner recommendation since 2010. This Home Builders Federation accolade, recognises our commitment to bring you beautiful new homes. Our collection of beautiful homes offer a range of spacious bedroom designs, located in highly desirable locations. We would encourage you to come and experience the David Wilson Difference and we look forward to seeing you at one of our many developments.

Chatteris Gate offers residents the opportunity to live in a peaceful, countryside setting on the edge of Chatteris, Cambridgeshire. With excellent road connections, the development is ideally situated for easy access to the A47, A141 and A14, providing direct routes to Huntingdon, Ely, Cambridge and beyond.

For those commuting by train, Chatteris is well-connected with nearby stations, allowing direct services to London and other major cities. Reach London Kings Cross in under 1 hour and 30 minutes, with fast services to other destinations like Peterborough and Cambridge.

GIVING NATURE A HOME

BUILDING SUSTAINABLE COMMUNITIES

Throughout the planning process before starting build, we consider where we can introduce nature and where we can strengthen it.

At David Wilson Homes, we do more than simply craft beautiful homes and desirable developments. We design and build great places that meet the highest standards, and that promote sustainable, healthy and happy living for our customers.

We know we must give our customers confidence that their homes are designed and built to meet the challenges of the future. We do this through creating places where people and nature can thrive.

YOUR BEAUTIFUL

— NEW HOME COMES WITH PEACE OF MIND —

David Wilson Homes has been crafting beautiful new homes since 1958. Our decades of experience and unrelenting commitment to excellence means that over 90% of our homeowners would recommend us to a friend, which is why we've been awarded 5 Stars by the Home Builders Federation every year since 2010. What's more, our homes come with an NHBC Buildmark Warranty which gives you a 10 year structural warranty and a 2 year fixtures and fittings warranty** as standard. You're always safe in the knowledge that you can buy one of our new homes with confidence.

WHAT DOES YOUR WARRANTY COVER?

• Central heating system plus any fires • Hot and cold plumbing system • Appliances • Kitchen units • Electrical system • Sanitary ware taps and shower doors • Windows • External and interiors doors • Ironmongery • Renewable energy installation (if fitted) • Internal/external drainage system • Boundary brick walls • Driveway • 24-hour emergency cover for 2 years • An NHBC 10 year Buildmark Warranty means we have complied with the NHBC Standards which set out the technical requirements for design, materials and workmanship in new home construction. This is just one of the added benefits of buying a new home

WARRANTY EXCLUSIONS

While your warranty includes most elements, certain aspects cannot be covered including:

Garden landscaping • Registered Social Landlord Homes • Fences • Carpets and floor coverings • Wear and tear • Failure to maintain • Your own alterations • Wilful damage

NEW HOMES QUALITY CODE

Housebuilders and developers who build new homes will be expected to register with the New Homes Quality Board (NHQB). As long as a housebuilder or developer has followed the correct registration process, including completing the necessary training, introducing a complaints procedure, and following other processes and procedures that are needed to meet the requirements of this New Homes Quality Code (the code), they will become a registered developer.

Registered developers agree to follow the code and the New Homes Ombudsman Service, including accepting the decisions of the New Homes Ombudsman in relation to dealings with customers. If a registered developer does not meet the required standards, or fails to accept and act in line with the decisions of the New Homes Ombudsman, they may have action taken against them, including being removed from the register of registered developers.

The code sets out the requirements that registered developers must meet. The code may be updated from time to time to reflect changes to industry best practice as well as the decisions of the New Homes Ombudsman Service. All homes built by registered developers must meet building-safety and other regulations. All registered developers should aim to make sure there are no snags or defects in their properties before the keys are handed over to a customer. If there are any snags or defects, these should be put right within the agreed timescales.

WHAT THE CODE COVERS

For the purposes of this code, 'customer' means a person who is buying or intends to buy a new home which they will live in or give to another person. (If a new home is being bought in joint names, 'the customer' includes all the joint customers.) However, the New Homes Quality Board have also started work to consider other groups of customers and what they should be able to expect from a new home. This includes shared owners and people who are buying a new home to let to other people. Any changes the New Homes Quality Board make to the code to reflect the needs of other groups of customers will be developed through consultation, and they will continually assess and review the effectiveness of the code, and any new laws or regulations that apply. Other areas which are not covered by the code are claims for loss of property value or blight (where a property falls in value or becomes difficult to sell because of major public work in the area), personal injury or claims that are not covered by the scheme rules of the New Homes Ombudsman Service.

Nothing in this code affects any other rights the customer has by law and does not replace any legislation that applies to the new home. Customers do not have to make a complaint to the New Homes Ombudsman Service if they are not satisfied with a matter that is covered by the code. They may decide to take other action, such as through the civil courts or other ombudsman or regulator.
