WHERE QUALITY LIVES

CENTURION MEADOWS

— A LOCATION LIKE NO OTHER —

Centurion Meadows is a prestigious development bordered by picturesque Yorkshire countryside. Burley in Wharfedale combines a sought-after village lifestyle with fantastic commuter links to neighbouring cities Harrogate, Bradford and Leeds. Situated in the Wharfedale Valley, the village is filled with charming nods to its Roman roots and has a thriving community feel. Living here you will benefit from a variety of local amenities just a short walk away. Families will be pleased to know that there's sought after Independent schools for all ages nearby.

Burley in Wharfedale village has everything you need right on your doorstep. From family activities to its vibrant nightlife, there is something for all ages to enjoy. The main street, just a short walk from your new home, features a doctors' surgery, dentist and pharmacy as well as a range of independent shops, bars and restaurants. Centurion Meadows is admired for its connection to the outdoors with Otley Chevin Forest Park, Ilkley Moor and Cow and Calf Rocks just a stone's throw away.

As a quality, award-winning Homebuilder, we're proud to create homes that are built to last and adapt to modern life. We understand the value of multi-functional space, access to the outdoors and quality interior design. That's why our homes benefit from adaptable living space for working from home, open-plan layouts, French doors to bring the outside in and fully turfed gardens.

A SENSE OF PEACE,
QUALITY
— AND SPACE —

Our homes at Centurion Meadows provide a sense of quality from the moment you step inside. We have thought carefully about the demands of family life. Intelligent designs ensure the interior layouts are bright and airy, with free-flowing, flexible rooms easy to adapt to the way you and your family want to live.

Entertaining will be effortless with spare rooms for your guests and open-plan kitchen or living/dining areas allowing space for you to enjoy quality time. You won't have to wait for that morning shower with most of our homes featuring two or more bathrooms, including your own private sanctuary – a main bedroom en suite.

Hallways are large enough for a warm welcome and kitchens or living rooms open onto your garden for those summer days. Most importantly, everything is finished to the highest standards and there is plenty of storage for all of your things to ensure you have an ideal place for a comfortable lifestyle.

The specification of the houses is correct at the date of print but may be subject to change as necessary and without notice. Images are indicative of the quality and style of the specification and may not represent wholly the actual fittings and furnishings at this development. NEW HOMES

Quality Code

Housebuilders and developers who build new homes will be expected to register with the [New Homes Quality Board](#) (NHQB). As long as a house-builder or developer has followed the correct registration process, including completing the necessary training, introducing a complaints procedure, and following other processes and procedures that are needed to meet the requirements of this New Homes Quality Code (the code), they will become a registered developer.

Registered developers agree to follow the code and the New Homes Ombudsman Service, including accepting the decisions of the New Homes Ombudsman in relation to dealings with customers. If a registered developer does not meet the required standards, or fails to accept and act in line with the decisions of the New Homes Ombudsman, they may have action taken against them, including being removed from the register of registered developers.

The code sets out the requirements that registered developers must meet. The code may be updated from time to time to reflect changes to industry best practice as well as the decisions of the New Homes Ombudsman Service.

All homes built by registered developers must meet building-safety and other regulations. All registered developers should aim to make sure there are no snags or defects in their properties before the keys are handed over to a customer. If there are any snags or defects, these should be put right within the agreed timescales.

What the code covers

For the purposes of this code, 'customer' means a person who is buying or intends to buy a new home which they will live in or give to another person. (If a new home is being bought in joint names, 'the customer' includes all the joint customers.) However, the New Homes Quality

Board have also started work to consider other groups of customers and what they should be able to expect from a new home. This includes shared owners and people who are buying a new home to let to other people. Any changes the New Homes Quality Board make to the code to reflect the needs of other groups of customers will be developed through consultation, and they will continually assess and review the effectiveness of the code, and any new laws or regulations that apply. Other areas which are not covered by the code are claims for loss of property value or blight (where a property falls in value or becomes difficult to sell because of major public work in the area), personal injury or claims that are not covered by the scheme rules of the New Homes Ombudsman Service.

Nothing in this code affects any other rights the customer has by law and does not replace any legislation that applies to the new home. Customers do not have to make a complaint to the New Homes Ombudsman Service if they are not satisfied with a matter that is covered by the code. They may decide to take other action, such as through the civil courts or other ombudsman or regulator. We are on the New Homes Quality Code register of registered developers. "We" refers to the Barratt Developments PLC group brands including Barratt London, Barratt Homes and David Wilson Homes. All images used are for illustrative purposes. These and the dimensions given are illustrative for this house type and individual properties may differ. Please check with your Sales Adviser in respect of individual properties. We give maximum dimensions within each room which includes areas of fixtures and fittings including fitted furniture. These dimensions should not be used for carpet or flooring sizes, appliance spaces or items of furniture. All images, photographs and dimensions are not intended to be relied upon for, nor to form part of, any contract unless specifically incorporated in writing into the contract.
