THE BARRATT STORY

FOR ALL THE REASSURANCE, QUALITY AND VALUE YOU NEED

Barratt Homes is one of Britain's best-known housebuilders. We've been in business since 1958 and have built over 400,000 new homes, with a reputation for quality, innovation and great value for money.

Our commitment to continuous product development coupled with the highest standards of design, construction, finish and customer service has earned Barratt Homes every major housebuilding industry award in recent years.

We're building for everyone. With more than 400 developments from North East Scotland to the Isle of Wight, we offer the widest choice of locations and prices in Britain today. Homes for all kinds of buyers, from studio apartments to top-of-the-range, 7 bedroom homes.

Whichever you choose, we set out to provide the highest standards. Wherever we build, we aim to make a positive contribution. Our developments are in desirable locations where people want to live and are carefully planned to provide stylish and safe living environments.

And we're committed to customer service. Whether you're a first-time buyer or moving on, we can help you every step of the way, from reservation to completion and beyond. We've worked hard to earn our reputation and we continue to do so – year in, year out – to further improve the service we provide. As a result, you can buy Barratt with confidence.

THE HIGHEST QUALITY CUSTOMER SERVICE

At Barratt we are genuinely committed to delivering the highest standards of Customer Service. The same exacting standards that have helped us win more quality awards than any other major housebuilder and also ensure we look after our customers as well as we possibly can.

We believe that solid foundations are as important to a customer relationship as they are to a building. During the planning and design process we go to great lengths to make sure the homes and developments we build are perfectly in tune with the needs and aspirations of their prospective owners.

As your home is built, it is checked at every stage to ensure it reaches the exacting standards we demand.

Our Customer Service Charter lays out our commitments to you and details the care, support and assistance we'll provide you with throughout your purchase and long after you've moved in.

Barratt Developments Plc has been awarded an exclusive 5 Star Housebuilder Award* by the Home Builders Federation each year since 2010, which is more than any other major national housebuilder. This coveted accolade is the highest level of certification available from the Home Builders Federation and the result of both customer recommendations and our superior build quality.

INTERIORS TO INSPIRE

Designed and crafted to the highest of standards, interiors at Osprey Heights are every bit as special as the exteriors. Living areas are light and airy and designed to be flexible enough to accommodate the needs of modern living.

Kitchens are filled with the latest modern appliances, seamlessly integrated into stylish, contemporary units, while bathrooms and en suites are havens of white and chrome complete with pristine sanitary ware.

What's more, you can personalise your home with our Choices range of fixtures and fittings. Kitchens, carpets and wardrobes can be customised (subject to build stage) so you can have your new home exactly the way you want it.

NEW HOMES QUALITY CODE

Housebuilders and developers who build new homes will be expected to register with the New Homes Quality Board (NHQB). As long as a housebuilder or developer has followed the correct registration process, including completing the necessary training, introducing a complaints procedure, and following other processes and procedures that are needed to meet the requirements of this New Homes Quality Code (the code), they will become a registered developer.

Registered developers agree to follow the code and the New Homes Ombudsman Service, including accepting the decisions of the New Homes Ombudsman in relation to dealings with customers. If a registered developer does not meet the required standards, or fails to accept and act in line with the decisions of the New Homes Ombudsman, they may have action taken against them, including being removed from the register of registered developers.

The code sets out the requirements that registered developers must meet. The code may be updated from time to time to reflect changes to industry best practice as well as the decisions of the New Homes Ombudsman Service.

All homes built by registered developers must meet building-safety and other regulations. All registered developers should aim to make sure there are no snags or defects in their properties before the keys are handed over to a customer. If there are any snags or defects, these should be put right within the agreed timescales.

WHAT THE CODE COVERS

For the purposes of this code, 'customer' means a person who is buying or intends to buy a new home which they will live in or give to another person. (If a new home is being bought in joint names, 'the customer' includes all the joint customers.) However, the New Homes Quality Board have also started work to consider other groups of customers and what they should be able to expect from a new home. This includes shared owners and people who are buying a new home to let to other people. Any changes the New Homes Quality Board make to the code to reflect the needs of other groups of customers will be developed through consultation, and they will continually assess and review the effectiveness of the code, and any new laws or regulations that apply. Other areas which are not covered by the code are claims for loss of property value or blight (where a property falls in value or becomes difficult to sell because of major public work in the area), personal injury or claims that are not covered by the scheme rules of the New Homes Ombudsman Service.
