

Development layouts and landscaping are not intended to form part of any contract or warranty unless specifically incorporated in writing into the contract. Images and development layouts are for illustrative purposes and should be used for general guidance only. Development layouts including parking arrangements and social/affordable housing may change to reflect changes in planning permission and are not intended to form part of any contract or warranty unless specifically incorporated in writing. Please speak to your solicitor to whom full details of any planning consents including layout plans will be available. Ashlawn Gardens is a marketing name only and may not be the designated postal address, which may be determined by The Post Office.

GIVING NATURE A HOME BUILDING SUSTAINABLE COMMUNITIES

Throughout the planning process before starting build, we consider where we can introduce nature and where we can strengthen it.

At David Wilson Homes, we do more than simply craft beautiful homes and desirable developments. We design and build great places that meet the highest standards, and that promote sustainable, healthy and happy living for our customers.

We know we must give our customers confi dence that their homes are designed and built to meet the challenges of the future. We do this through creating places where people and nature can thrive.

Features on selected plots only. *We', 'our', 'us' refers to the Barratt Developments PLC Group brands including Barratt Homes, David Wilson Homes and Barratt London. Please speak to a Sales Adviser for details of the features available on the home and development you are interested in. Visit our website for more information. WE'RE HELPING TO MAKE YOUR HOME MORE ENERGY EFFICIENT

3

Clever design cuts water use by up to 27% per day per person

Argon-filled double-glazing as standard, letting heat in and keeping cold out

Up to 65% more energy-efficient

Save up to **£979** per year on energy bills

Highly-efficient insulation could mean lower heating costs

Advanced systems and smart technologies in all our homes

Indicative figures, based on Government and Ofgem data in the <u>HBF "Watt a Save" report</u> published January 2025 which provides annual average usage figures for existing homes vs new-build homes in the UK.

4 BEDROOM DETACHED HOME

Sash-style windows give The Holden a charming, traditional look, yet inside it is designed very much for modern family living. A beautiful glazed bay leading to the garden makes the open-plan kitchen, family and dining areas exceptionally bright and airy. A separate utility room also has access to the garden, while a large, bay-fronted lounge and a separate study provide room to relax and work. Upstairs are four double bedrooms, the main bedroom with en suite, and a family bathroom with a separate shower.

Offer is subject to use of a Barratt Homes nominated estate agent to market and sell your existing home. Barratt Homes will pay the nominated estate agent's fees provided you go on to buy a new Barratt home.

NEW HOMES QUALITY CODE

Housebuilders and developers who build new homes will be expected to register with the New Homes Quality Board (NHQB). As long as a housebuilder or developer has followed the correct registration process, including completing the necessary training, introducing a complaints procedure, and following other processes and procedures that are needed to meet the requirements of this New Homes Quality Code (the code), they will become a registered developer.

Registered developers agree to follow the code and the New Homes Ombudsman Service, including accepting the decisions of the New Homes Ombudsman in relation to dealings with customers. If a registered developer does not meet the required standards, or fails to accept and act in line with the decisions of the New Homes Ombudsman, they may have action taken against them, including being removed from the register of registered developers.

The code sets out the requirements that registered developers must meet. The code may be updated from time to time to reflect changes to industry best practice as well as the decisions of the New Homes Ombudsman Service.

All homes built by registered developers must meet building-safety and other regulations. All registered developers should aim to make sure there are no snags or defects in their properties before the keys are handed over to a customer. If there are any snags or defects, these should be put right within the agreed timescales.

WHAT THE CODE COVERS

For the purposes of this code, 'customer' means a person who is buying or intends to buy a new home which they will live in or give to another person. (If a new home is being bought in joint names, 'the customer' includes all the joint customers.) However, the New Homes Quality Board have also started work to consider other groups of customers and what they should be able to expect from a new home. This includes shared owners and people who are buying a new home to let to other people. Any changes the New Homes Quality Board make to the code to reflect the needs of other groups of customers will be developed through consultation, and they will continually assess and review the effectiveness of the code, and any new laws or regulations that apply. Other areas which are not covered by the code are claims for loss of property value or blight (where a property falls in value or becomes difficult to sell because of major public work in the area), personal injury or claims that are not covered by the scheme rules of the New Homes Ombudsman Service.

ng in this code affects any other rights the customer has by law and does not replace any legislation that applies to the new home. Customers do not have to make a complaint to the New Homes Ombudsman Service if they are not satisfied with a r that is covered by the code. They may decide to take other action, such as through the civil courts or other ombudsman regulator.
