DAVID WILSON HOMES

WHERE QUALITY LIVES

STUNNING HOMES IN A GREAT LOCATION

— A LOCATION LIKE NO OTHER —

Discover the best of both worlds in the aspirational yachting town of Burnham-on-Crouch. Whether you're a working professional or a growing family, Corinthian Place has something for you.

Burnham-on-Crouch is ideally located just 12 miles from Maldon and just 23 miles from the city of Chelmsford, so everything you need for modern family life is within easy reach. For commuters Burnham-on-Crouch station is less than a mile away, providing direct trains to London.

The desirable town is steeped in maritime heritage with four sailing and yacht clubs and an annual regatta in August. Discover the town's stunning waterfront and high street with its historic pubs, as well as artisan cafes and shops to enjoy while overlooking the River

Crouch. If you're looking for a breath of fresh air away from the hustle and bustle, the homes are also within easy reach of beautiful countryside. Those with children will be able to take advantage of the excellent schooling options, as the development is within the catchment area of a number of schools which have been rated 'Good' by Ofsted.

Corinthian Place is a collection of two to five bedroom homes, all carefully designed with beautiful, light-filled interiors. The properties are set around public open space at the heart of the development, including a play area for little ones. We craft each house to the exceptional standard which you can expect from a 5 Star Housebuilder. This is an opportunity to be part of the exciting new community set to be formed at the development.

A SENSE OF PEACE,
QUALITY
— AND SPACE —

Quality is at the forefront of our minds with each property we build and Languard View is certainly no exception. Ensuring you can grow with your home as lifestyles adapt is one of our greatest priorities and our airy, free-flowing layouts present you with the freedom to tailor the property to your own individual tastes.

New-found priorities are catered for as our properties feature spare rooms or dedicated studies to give you the option

to create a home office or a play room, or simply to welcome house guests. An en suite bathroom to a main bedroom also offers privacy away from the hustle and bustle of a family home.

Inviting hallways leading to generous living spaces provide you with a home of which to be proud; while the hub of quality family time, the living rooms, are ideal for evening and weekend relaxation. Open-plan kitchens are well suited to busy meal times

and welcome natural light through French doors leading to the rear garden.

Our properties are superbly designed to prioritise quality and energy efficiency as we continue to deliver contemporary homes.

NEW HOMES

Quality Code

Housebuilders and developers who build new homes will be expected to register with the [New Homes Quality Board](#) (NHQB). As long as a housebuilder or developer has followed the correct registration process, including completing the necessary training, introducing a complaints procedure, and following other processes and procedures that are needed to meet the requirements of this New Homes Quality Code (the code), they will become a registered developer.

Registered developers agree to follow the code and the New Homes Ombudsman Service, including accepting the decisions of the New Homes Ombudsman in relation to dealings with customers. If a registered developer does not meet the required standards, or fails to accept and act in line with the decisions of the New Homes Ombudsman, they may have action taken against them, including being removed from the register of registered developers.

The code sets out the requirements that registered developers must meet. The code may be updated from time to time to reflect changes to industry best practice as well as the decisions of the New Homes Ombudsman Service.

All homes built by registered developers must meet building-safety and other regulations. All registered developers should aim to make sure there are no snags or defects in their properties before the keys are handed over to a customer. If there are any snags or defects, these should be put right within the agreed timescales.

What the code covers

For the purposes of this code, 'customer' means a person who is buying or intends to buy a new home which they will live in or give to another person. (If a new home is being bought in joint names, 'the customer' includes all the joint customers.) However, the New Homes Quality

Board have also started work to consider other groups of customers and what they should be able to expect from a new home. This includes shared owners and people who are buying a new home to let to other people. Any changes the New Homes Quality Board make to the code to reflect the needs of other groups of customers will be developed through consultation, and they will continually assess and review the effectiveness of the code, and any new laws or regulations that apply. Other areas which are not covered by the code are claims for loss of property value or blight (where a property falls in value or becomes difficult to sell because of major public work in the area), personal injury or claims that are not covered by the scheme rules of the New Homes Ombudsman Service.

Nothing in this code affects any other rights the customer has by law and does not replace any legislation that applies to the new home. Customers do not have to make a complaint to the New Homes Ombudsman Service if they are not satisfied with a matter that is covered by the code. They may decide to take other action, such as through the civil courts or other ombudsman or regulator. We are on the New Homes Quality Code register of registered developers. "We" refers to the Barratt Developments PLC group brands including Barratt London, Barratt Homes and David Wilson Homes. All images used are for illustrative purposes. These and the dimensions given are illustrative for this house type and individual properties may differ. Please check with your Sales Adviser in respect of individual properties. We give maximum dimensions within each room which includes areas of fixtures and fittings including fitted furniture. These dimensions should not be used for carpet or flooring sizes, appliance spaces or items of furniture. All images, photographs and dimensions are not intended to be relied upon for, nor to form part of, any contract unless specifically incorporated in writing into the contract.
