

HOLLYGATE GREEN

HOLLYGATE LANE, COTGRAVE, NOTTINGHAMSHIRE, NG12 3JW

2, 3, 4 & 5 BEDROOM HOMES

A PRIME LOCATION FOR ALL HOMEBUYERS

NEW 2, 3, 4 & 5 BEDROOM HOMES FROM BRITAIN'S LEADING HOUSE BUILDER

Hollygate Green is set against a beautiful rural backdrop, in the desirable borough of Rushcliffe. Offering a range of thoughtfully designed homes and ideally located on the outskirts of Nottingham; just a 15 minute drive away.

Your new home will form part of a growing community, offering effortless commuter links, 'Outstanding' schools, rolling countryside and easy access to vibrant towns and cities packed with amenities.

OUT AND ABOUT

THERE'S PLENTY TO SEE AND DO

Day to day

Your everyday essentials are close by to your new home at Hollygate Green, including a post office, library, GP, leisure centre and a Sainsbury's local located in the centre of Cotgrave. Further afield in the popular town of West Bridgford, you'll find a range of supermarkets, eateries, bars and pubs for you to visit. Families moving to the area also have a number of great schooling options for you to choose from.

Out with the family

There's plenty of activities within a 15-minute drive. If you're a fan of film, Showcase Cinema de Lux and Cineworld can be found in Nottingham and if you enjoy the arts take a trip to the theatre offering great fun for the whole family. Looking to have a shopping spree? You can find High Street stores and small independent shops in both Nottingham and West Bridgford; just 15 minutes away. If you're looking for something a little more adventurous, visit Holme Pierrepont National Water sports Centre, where you could try a host of activities.

Fun with friends

Enjoy socialising with friends in the pubs that are just a stone's throw away from your new home. If you're looking to venture a little further, enjoy a vibrant night life in West Bridgford and Nottingham City Centre. You can sample the numerous bars, pubs and restaurants available which are accessible by bus and park and ride.

LOCAL AREA

DISCOVER HOLLYGATE GREEN

Set in the Nottinghamshire countryside, Hollygate Green is just stone's throw away from Cotgrave Country Park and Grantham Canal, giving you the perfect opportunity to explore the great outdoors.

Cotgrave is moments away, whilst neighbouring suburb of West Bridgford and the City of Nottingham are just a short drive away. Hollygate Green also benefits from great road links, including the A606, A46, A52 and the M1 which are just a short commute away from the development. Radcliffe-on-Trent Train Station is four miles away, whilst East Midlands International Airport is a 35 minute drive.

Keen golfers will be pleased to learn that The Nottinghamshire Golf and Country club is just 6 minutes away from your new home at Hollygate Green, making fitting a trip around the course into your schedule effortless.

CREATING A SUSTAINABLE COMMUNITY WHERE FAMILIES AND NATURE CAN THRIVE

At Barratt Homes, we do more than simply craft beautiful homes and desirable developments.

We design and build great places that meet the highest standards, and that promote sustainable, healthy and happy living for our customers.

We know we must give our customers confidence that their homes are designed and built to meet the challenges of the future. We do this through creating places where people and nature can thrive.

ZERO CARBON READY HOMES FOR THE FUTURE

In preparation for Future Home Standards, which is part of the Government’s initiative for new homes to be Zero Carbon ready from 2025, a number of stepping stone changes have been made which are now included within some of our homes.

1.

PHOTOVOLTAIC PANELS

Photovoltaics panels capture the sun’s energy and converts it into electricity that you can use in your home.

2.

HIGHLY EFFICIENT INSULATION

This will help to lower energy bills and increase the overall energy-efficiency of your home.

3.

FLUE GAS HEAT RECOVERY

This technology recycles the waste energy which might have been lost into the atmosphere.

4.

WASTE WATER HEAT RECOVERY SYSTEM & MIXERGY TANK

Smart technology and Mixergy tank recovers the heat that would normally be lost down the drain.

5.

ARGON-FILLED DOUBLE GLAZING

Argon-filled double glazing as standard allows heat from the sun in whilst minimising heat loss.

6.

DECENTRALISED MECHANICAL EXTRACT VENTILATION

This energy-efficient ventilation uses small fans to ensure good indoor air quality in your home.

7.

GROUND FLOOR CONSTRUCTION

Insulating the floor structures minimises overall heat loss and prevents draughts.

8.

ELECTRIC VEHICLE CAR CHARGER (EVCP)

Charge your electric car from your home, at your convenience, available on selected plots.

9.

AIRTIGHTNESS

The elimination of unintended gaps to external structures ensures the best energy-efficiency.

10.

TIMBER FRAME

This is a low-carbon emitting construction method for our homes.

HOMES

NEW HOMES QUALITY CODE

Housebuilders and developers who build new homes will be expected to register with the New Homes Quality Board (NHQB). As long as a housebuilder or developer has followed the correct registration process, including completing the necessary training, introducing a complaints procedure, and following other processes and procedures that are needed to meet the requirements of this New Homes Quality Code (the code), they will become a registered developer.

Registered developers agree to follow the code and the New Homes Ombudsman Service, including accepting the decisions of the New Homes Ombudsman in relation to dealings with customers. If a registered developer does not meet the required standards, or fails to accept and act in line with the decisions of the New Homes Ombudsman, they may have action taken against them, including being removed from the register of registered developers.

The code sets out the requirements that registered developers must meet. The code may be updated from time to time to reflect changes to industry best practice as well as the decisions of the New Homes Ombudsman Service.

All homes built by registered developers must meet building-safety and other regulations. All registered developers should aim to make sure there are no snags or defects in their properties before the keys are handed over to a customer. If there are any snags or defects, these should be put right within the agreed timescales.

WHAT THE CODE COVERS

For the purposes of this code, ‘customer’ means a person who is buying or intends to buy a new home which they will live in or give to another person. (If a new home is being bought in joint names, ‘the customer’ includes all the joint customers.) However, the New Homes Quality Board have also started work to consider other groups of customers and what they should be able to expect from a new home. This includes shared owners and people who are buying a new home to let to other people. Any changes the New Homes Quality Board make to the code to reflect the needs of other groups of customers will be developed through consultation, and they will continually assess and review the effectiveness of the code, and any new laws or regulations that apply. Other areas which are not covered by the code are claims for loss of property value or blight (where a property falls in value or becomes difficult to sell because of major public work in the area), personal injury or claims that are not covered by the scheme rules of the New Homes Ombudsman Service.
